Abstract 1

Abstract

This technical report offers guidelines for customers with small to large data science/engineering teams to optimize Kubernetes cluster and GPU usage by using the Run:AI CLI and the system dashboard on NetApp ONTAP AI. It also includes Run:AI platform installation information, test scenarios, and detailed commands for validated test cases. The Run:AI orchestration solution together with NetApp AI Control Plane delivers a faster time to innovation by improving developer productivity through optimal resource utilization.
